Scott,

Please see the attached letter from SITLA. I think this ties up the loose end that you asked about. Let me know if there is anything else that you need. Thanks. Daron

Subject: Des-Bee-Dove Mine Final Bond Release

To: Daron Haddock <daronhaddock@utah.gov>

Mr. Haddock,

Thanks for your phone call earlier today following up on the final bond release for the Des-Bee-Dove mine site.

As you are aware, a portion of the former mine site includes a sediment pond which was located on trust lands within the NW4NW4 of Section 36, T17S, R7E. The former pond site has most recently been authorized under Special Use Lease No. 1195.

SITLA staff have inspected the former pond site and we are satisfied with the reclamation efforts which have been undertaken. We are supportive of the Division of Oil, Gas and Mining taking action to approve final bond release for this site.

Regards,

Chris Fausett | Resource Specialist
